LETTER FROM BOARD CHAIR AND EXECUTIVE DIRECTOR

Dear Friend of 3 Generations,

2016 was a defining year geopolitically, from Brexit to the Trump victory. At home, racism and xenophobia took on new ugly forms. The civil war in Syria showed no signs of ending. In North Dakota, the struggle for Native American sovereignty reached a tumultuous crescendo at Standing Rock, and we witnessed the hottest day ever recorded on earth.

At 3 Generations, we addressed these social justice issues and more through our award-winning films and videos. We released a feature documentary, *A Different American Dream*, 3 short films, 5 online videos and our award-winning film *TRICKED* was translated into 15 languages and released globally on Netflix. The impact of our work was broad and undeniable.

We could not have done this without the support of our magnificent donors.

With gratitude and pride we present our annual report for 2016.
