2019

ANNUAL REPORT

DEAR SUPPORTER AND FRIEND OF 3 GENERATIONS

Deep into the pandemic of Covid-19, it is hard to remember how different the world looked in 2019. A year that will be remembered for giving the world this dreadful plague. Nonetheless we are delighted to share our first digital Annual Report.

With luck more than foresight, 2019 was a year of consolidation for 3 Generations. We launched a new website with streaming services, making our content more readily available. We made distribution deals for two feature films, Pot Luck and German Concentration Camps Factual Survey. We visited many of our subjects to check in on their work and progress. And we began filming for our next feature documentary, as well as several shorts. We took a stand against Facebook's complicity in the genocide against the Rohingya minority in Myanmar by blacking out from all their platforms.

With hindsight it seems these decisions prepared us to survive 2020 and the constraints of the pandemic. We have rich and important content as well as a viable and functional platform from which to share it. Our work fighting for social justice is primed for these times.

We could not have done this critical work without you.

With gratitude,

Nadia Zilkha

OUR MISSION

3 Generations documents stories of human rights abuses through film. We enable survivors of crimes against humanity to record their experiences as an act of healing, a call to action and to create historical evidence.

We amplify and honor each witness's voice by creating broad audiences: film festivals, educational outreach, theatrical and community screenings, social media, partnerships, web-channels and more. Our goal is to influence the national dialogue and build momentum for social change.
