HEAR THEIR STORIES: DEMAND CHANGE

November 2021

Dear Friends of 3 Generations

2020 was a year forever scarred by its association with Covid 19. A new decade began with one of the biggest upheavals of our lifetimes: a global pandemic that still challenges every corner of the planet.

First we wish to acknowledge those we lost in 2020. The lives of friends and family cut short by the pandemic and the grief of their loved ones, are deeply felt by all of us at this organization. We honor those lives and remain deeply grateful for those who supported our work.

At 3 Generations our small team hunkered down in our respective homes and used one of our greatest assets, our ability to pivot, to change how we worked. Collaborating remotely, we learned to produce high quality, meaningful content.

We innovated and produced 63 new videos and created 21 livestreams to address the pressing issues of the day. Each and every week. We reached hundreds of thousands of viewers across multiple social media platforms and kept the flame of all that 3 Generations stands for burning for future generations.

We marked the 75th Anniversary of the liberation of the Nazi Concentration Camps with world-reknowned experts as well as a 20-year-old granddaughter of Holocaust survivors. We worked to share anti-racist content and to honor those who were lost in this and past pandemics. We are proud of the work we could achieve under these circumstances.

None of this would have been possible without the support of our friends and donors.

We are grateful for your steadfast support in these difficult times and hope you will continue to help us fulfill our mission in the months and years ahead.

Wishing good health and prosperity to you all,

With gratitude,

Jane Wells

OUR MISSION

3 Generations documents stories of human rights abuses through film. We enable survivors of crimes against humanity to record their experiences as an act of healing, a call to action and to create historical evidence.

We amplify and honor each witness's voice by creating broad audiences: film festivals, educational outreach theatrical and community screenings, social media, partnerships, web-channels and more. Our goal is to influence the national dialogue and build momentum for social change.
